

Wisdom Retreat for Senior Leaders

The Wisdom Retreat for Senior Leaders with AUT Centre for Innovative Leadership is a limited-place 4-day residential leadership programme for CEOs.

You know that the best of what you share with your team is intangible – the wise counsel that is what others really gain from your leadership – so wouldn't it make sense to take a little time this year to nurture and develop your wisdom? You have probably attended leadership development courses with a focus on strategy - the strategic view and advanced emotional intelligence are givens for those attending this top-level development opportunity.

So now it's time to focus on your wisdom. Restricted to CEOs and those in comparable positions of leadership, you will be in good company to renew your leadership commitment and return home invigorated. Recognising the busy schedule of senior leaders, the small cohort and action processes enable this programme to be covered in four days – Sunday to Wednesday.

Held overlooking the Tasman Sea at beautiful Castaways Lodge Waiuku, this is the perfect place for you to reflect and renew.

Faculty

The Wisdom Retreat for Senior Leaders is led by Stephen Drain, the Centre's Director. Stephen is accompanied by a senior leader and a leadership coach in the delivery of this programme.

Contact Stephen on + 64 21 1962500 or stephen.drain@aut.ac.nz to discuss whether this retreat might suit you. It could be the next wise decision you make.
